FIG. 2

IN THE OUTER REACHES OF OUR SOLAR SYSTEM, LIES A PLANET--
ER-- NOT QUITE A PLANET ANYMORE, BUT A PLUTOID NAMED-- PLUTO.

ON THIS DWARF PLANET LIVE THE CREATURES NEGLECTED BY THE
ANNALS OF SCIENCE AS FILTERED THROUGH POPULAR OPINION.

HERE YOU WILL FIND THE BRONTOSAURI, THROWN OVER IN FAVOR OF THE
APATOSAURI (FIG. 1), THE NO LONGER KNOWN TO BE FIRST, FIRST BIRD
ARCHAEOPTERYX (FIG. 2), AND OTHER SUCH CREATURES, AS WELL AS
PHENOMENA DEBUNKED BY CULTURE WARS.

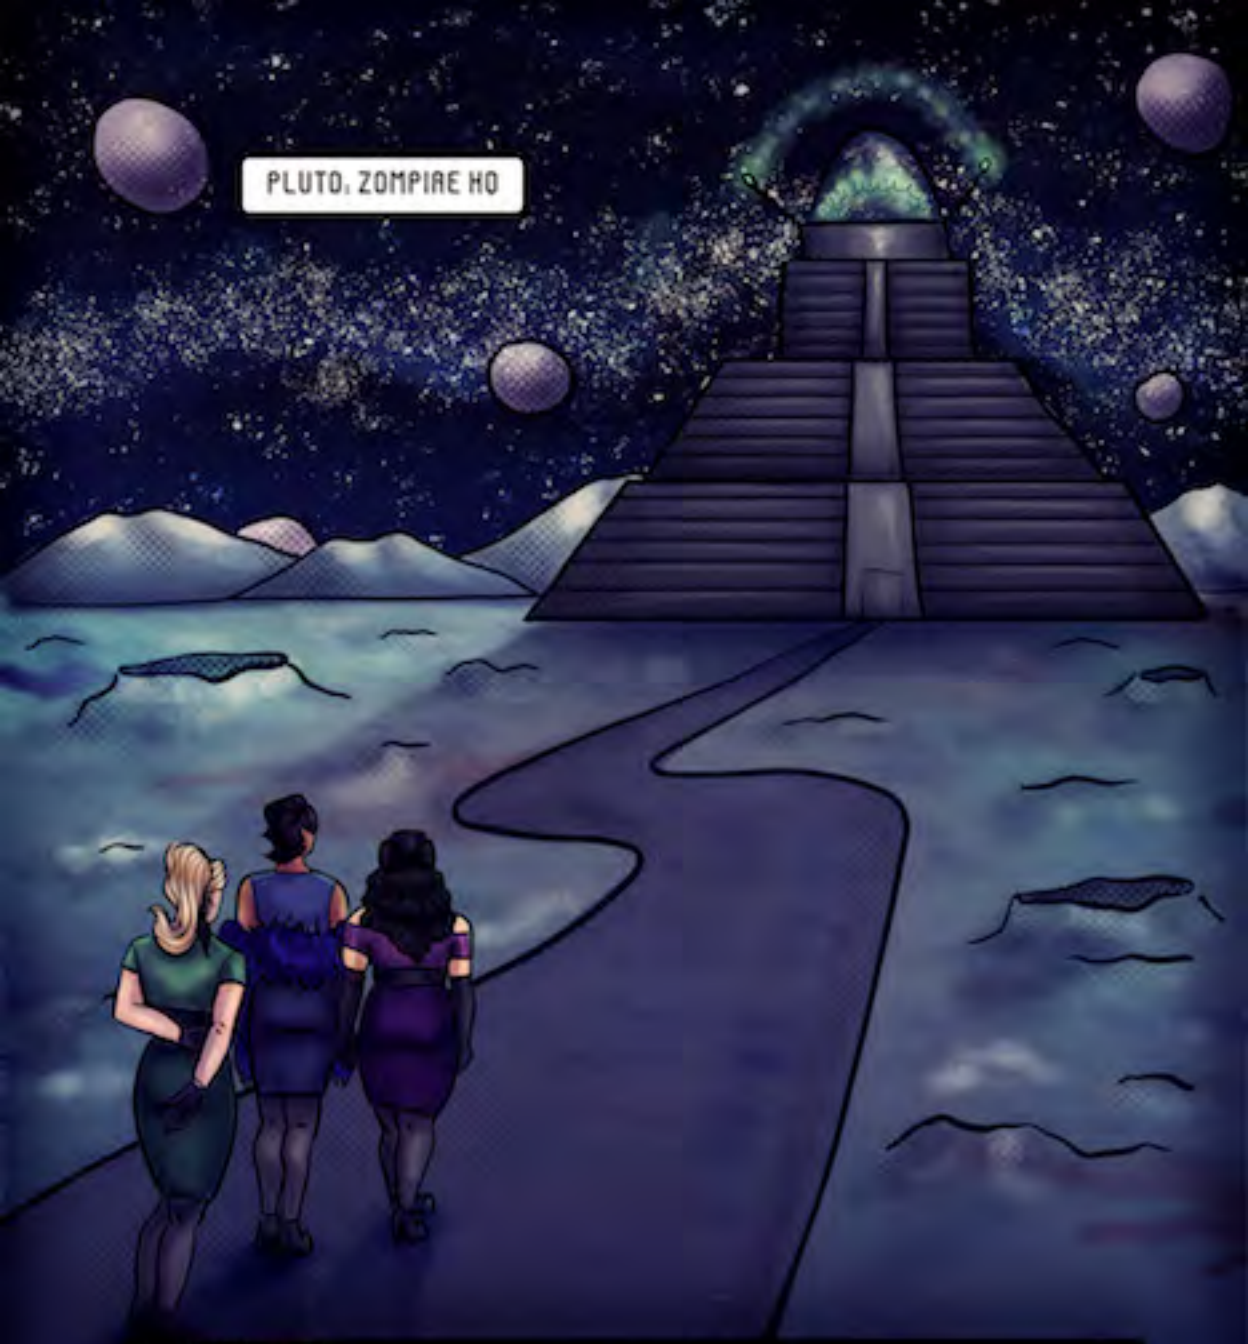

BUT THE RULERS OF THIS PLANET ARE THE DREADED, VERY-- UN-- SEXY...

Vixens, HERE'S THE GRIFT. IN THE FIVE YEARS SINCE PLUTO'S DEMOTION TO A MOON AT THE INSISTENCE OF THE CRUEL DR. VON TRON...

...THE INTER-GALACTIC CONSORTIUM HAS REFUSED OUR LITTLE ROCK AID...

...WITHOUT THE MONTHLY SHIPMENTS OF HARVESTED BRAIN-STEMS, WE HAVE RESORTED TO THE BRONTOSAURI.

...BUT THEY'RE DROPPING DEAD FROM THE SUDDEN GLOBAL WARMING... YOU MUST TRAVEL TO EARTH AND PERSUADE DR. VON TRON TO RESTORE PLANETARY STATUS TO PLUTO...

... WHERE WAS IT

MY LEIGE, YOU WERE INFORMING YOUR LIEUTENANTS OF THEIR JOURNEY TO EARTH.

OH, YES. THANK YOU, DARWIN.
